Harlan J. Berk, Ltd. has presented an innovation in antiquities and numismatics for some time now. The system is simple. When you want an antiquity or coin in the sale, just bid the estimated price by phone or mail. We will send you the antiquity or coin immediately. No waiting for the closing of the sale. Any and all antiquities or coins not sold before the closing date will be sent to the highest bidder on March 20, 1990.

EXAMPLE—You bid estimate on an item valued at \$100.00 and if your bid is the 1st to reach us, you will receive the item immediately. If on the other hand, you bid \$75.00 on the same item and are still the high bidder at the end of the sale, the item will be mailed to you on the closing date, March 20, 1990.

If you are ever in the area, stop in and see us! Of course, it's best to call first.

In NFA Sale XXII, we purchased lot #23 for \$231,000, for the same client, which was described as EF, which made this coin a duplicate in the gentleman's collection. Of all types less than 20 Portrait Aurei of Brutus are recorded. The name Brutus, and the title IMPERATOR are boldly visible and the portrait, though slightly doublestruck, is bold. This coin marks a major turning point in Roman history and as this was used to pay the armies in Brutus' war against Mark Antony and Octavian, it was part of one of the most important events in world history. The Obv rather than being a full faced portrait of Artemis is thin faced with deep set eyes and a long pointed nose. This is definitely a portrait of Mithradates VI of Pontis in the guise of Artemis and the star on the Rx is the Star of Mithradates.
